EDUCATION

•NIT KURUKSHETRA	2027
Btech and IIOT-ECE	6.657
•TTWREIS-COE Bhadrachalam	2023
Board of Intermediate Education, Telangana	93.3%
•TTWRS[G]-WYRA	2021
Board of Secondary Education, Telangana	100%

EXPERIENCE

•CDAC-MEITY	june-july 2025
Cyber security-ethical hacking	Noida
– Worked on simulating network attacks and defenses using tools like Kali Linux, Wireshark, and Nmap.	
– Delivered a final project on penetration testing of a simulated network.	
•Codtech IT Solution	may -july 2025
Data Analytics	Hyderabad
– Developed a Power BI dashboard for mobile sales analysis	
– applied Big Data, NLP, and predictive modeling using Python and Scikit-learn for business insights	

PERSONAL PROJECTS

• Sleep-Awake Monitoring and Detection using Laptop Camera and Arduino	April-2025
Integrated with Arduino and a buzzer alert module to trigger a sound when sleep is detected	
– Python, OpenCV, Haar Cascades, Arduino, Serial Communication	
– Successfully built a real-time drowsiness detection system with automatic alerting, useful for driver safety or personal health monitoring.	
•Real-Time Weather Forecast Web App	Feb -2025
Used REST API integration to fetch live data from the OpenWeatherMap API and displayed it with dynamic visuals	
– HTML, CSS, JavaScript, Fetch API, OpenWeatherMap API, Bootstrap	
– Delivered a fully responsive weather dashboard that provides current weather and 5-day forecast; practiced API handling, JSON parsing, and frontend state updates.	

TECHNICAL SKILLS AND INTERESTS

Languages:Python, Java, HTML, CSS, JavaScript, SQL, C

Developer Tools: Power BI, VS Code, Jupyter Notebook, Arduino IDE, GitHub, Wireshark, Nmap

Frameworks:Scikit-learn, OpenCV, Pandas, NumPy, Matplotlib, Seaborn,NLTK

Cloud/Databases: Blynk Cloud, MySQL, Google Colab

Soft Skills: Communication, Teamwork, Problem Solving, Time Management

Coursework: Data Structures and Algorithms, Machine Learning, Data Analytics, Cybersecurity, IoT Systems, Computer Networks

Areas of Interest:Data Analytics, Internet of Things (IoT), Cybersecurity, Machine Learning, Smart Automation

POSITIONS OF RESPONSIBILITY

•NSS Volunteer National Service Scheme, NIT Kurukshetra	Aug 2024 – Present
• Team Leader IoT Project: Sleep-Awake Detection System	Apr – Jun 2025

ACHIEVEMENTS

•Recognized by Internship Supervisor for delivering gud-performing Power BI dashboard	July 2025
• Completed Cybersecurity Internship at Cybergyan with Distinction	july 2025
